

TOWN OF EAST WINDSOR EMERGENCY MANAGEMENT

The Town of East Windsor Department of Emergency Management is responsible for coordinating the emergency and disaster mitigation, as well as civil preparedness, planning, response, and recovery efforts of the Town and its subdivisions (*Warehouse Point, Broad Brook, Melrose, Scantic, and Windsorville*). In conjunction with the State of Connecticut, East Windsor public safety agencies, private organizations, businesses, and the public we work diligently to protect our community during disaster, catastrophes, and emergency events. OUR MISSION: To accomplish this goal through a wide array of programmatic efforts, including development and maintenance of emergency plans, conducting disaster exercises, maintaining emergency communications, operating shelters, fielding specialized response units, and practical reality-based training. Our agency would not be able to function without the hard work and dedicated service of our volunteers.

"TOGETHER WE PROTECT"

The Town of East Windsor is a growing and rapidly changing community that is truly unique. Although the town is rural, it does encompass 26.3 square miles and over 80 road miles. We are charged with providing emergency management for the five distinctive villages, all with different needs and characteristics. The town is centrally located equal distance between the Cities of Hartford and Springfield; it is along the I-91 corridor, and within close proximity to Bradley International Airport making emergency preparedness a challenging undertaking. **Do you think you have what it takes to volunteer for such a vital organization?**

TOWN OF EAST WINDSOR

DEPARTMENT OF EMERGENCY MANAGEMENT

*Protecting our
community...*

OPEN RECRUITMENT: ✓

CALL: 860.292.8249 Extension 100
MEETING: January 26, 2012 at 2 p.m.
LOCATION: Emergency Management
Town Hall Annex
25 School Street
East Windsor, CT 06088

THE PROGRAM:

An integral part of the Town of East Windsor-Department of Emergency Management's mission is to provide for adequate emergency response capabilities within our local community. One of the most direct ways in which Emergency Management accomplishes this is through the coordination of specialized emergency response volunteers. Within the Agency, there are key divisions which are comprised of a volunteer force that carry out specialized emergency response duties. Some of which include logistics, communications, field services, shelter operations, support to local agencies, public preparedness group, and operating the Emergency Operations Center (EOC).

1. HAZARD RISK LEVEL

SEVERE	Severe Risk of Terrorist Attack - Level RED
HIGH	High Risk of Terrorist Attack - Level ORANGE
ELEVATED	Elevated Risk of Terrorist Attack - Level YELLOW
GUARDED	Guarded Risk of Terrorist Attack - Level BLUE
LOW	Low Risk of Terrorist Attack - Level GREEN

Are you up for the challenge?
