

The East Windsor Parks and Recreation Department was lucky enough to secure a train for the North Pole Express with the Essex Steam Train on Sunday, December 4, 2016. The 90 minute train ride will depart at 3:30 p.m. This is an on your own trip and will not have staff or transportation at the event.

Tickets are on a first come first serve basis and must be paid in full. Tickets are \$40 per person including children. Persons age 1 and up MUST have a paid ticket to enter train. Tickets will need to be picked up in person once they arrive from Essex as we don't want them lost in the mail. Don't forget to have the kids wear their pajama's for a great picture with Santa and the Mrs.

This is a great family event. This is our first time offering this event but don't expect tickets to last long. Call our office at 860-627-6662 with any questions.

We will take Cash, Check (payable to EW Parks and Recreation) and Credit Cards.
