Mad Science introduces EUREKA! Invention - an exciting new after-school program based on our popular summer activity series. Kids explore famous inventors such as Leonardo da Vinci, Thomas Edison, Archimedes, Ben Franklin and even Rube Goldberg, along with the contributions they made to science, engineering and society. Guided by our Mad Scientists, KIDS use their knowledge and creativity to overcome a series of challenges using basic materials, simple machines, tips from famous inventors and the most important of all – their minds! Each child will also bring home a cool science take-away every week! While Thomas Edison said "invention is 10% inspiration and 90% perspiration" this program is 100% FUN!

Give your child the best
