

**New! Expanded plastics recycling starting May 1 -- check for the triple-arrow recycling symbol (as seen below left) on the bottom of each item.**

<b>What to recycle:</b>		<b>How to recycle it:</b>	<b>Please DON'T recycle:</b>
	Plastic bottles, jars, tubs and buckets (up to 3 gallons in size) made of #1 and #2 plastic (as shown at left)	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	
	Examples include milk jugs, soda bottles, cooking oil bottles, water bottles, laundry detergent jugs, cat litter buckets.	Remove metal handles from buckets. <b>Redeem deposit bottles!</b>	
	Examples of recyclable No. 3 plastics include laundry detergent jugs, shampoo bottles, dish detergent and skin cream containers.	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	
	Food-grade packaging! Examples include squeezable condiment bottles and food storage containers.	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	
	Food-grade packaging! Examples include yogurt, margarine, butter, sour cream, pudding and cottage cheese containers, as well as ketchup and mustard bottles.	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	
	Food-grade packaging! Solid plastics only (no foam plastics).	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	
	Food-grade packaging! Examples include large water bottles (up to 3 gallons), heavy food containers and Tupperware.	Discard screw-top caps, rinse and place containers and lids in your recycling bin.	

Since we have [single-stream recycling](#). . . just place them in your recycling bin or barrel with your paper, cardboard, metal and glass recyclables.

**And don't forget to recycle all these other materials!**

What to recycle:		How to recycle it:	Please DON'T recycle:
	Newspaper, junk mail, catalogs, magazines, home computer paper	Place in brown paper grocery bag or tie with fiber twine into bundles, then place the bag or bundle on top of or next to your recycling bin.	Dirty or contaminated material, Tyvek mailing envelopes, gift wrap, greeting cards
 Corrugated Recycles	Corrugated cardboard	Flatten boxes and fold or cut into three-foot pieces, tie with fiber twine into bundles, then place the bundle on top of or next to your recycling bin.	Dirty or contaminated material, plastic- or wax-coated cardboard, cereal boxes, shoe boxes, other types of boxes
	Glass bottles and jars (up to 2.5 gallons in size)	Discard lids or caps, then rinse and place in your recycling bin	Window glass, light bulbs, mirrors, medicine bottles, broken glass, bottles and jars larger than one gallon – <b>REDEEM DEPOSIT BOTTLES!</b>
	Aluminum cans, food trays and foil.	Rinse and place in your recycling bin. Fold foil flat.	Pots, pans, coat hangers, toys, other metal items – <b>REDEEM DEPOSIT CANS!</b>
