

Boundless Playground Savings Card

\$25.00 per card

**Please contact Parks and Recreation
for more information
or to purchase your card!**

East Windsor Parks and Recreation recently received a \$25,000 grant from the Hartford Foundation for Public Giving. We are currently working closely with Boundless Playground, Inc. for the installation of a small to medium sized boundless playground that allows for inclusion of everyone regardless of physical restrictions. The grant that we received is a Matching grant which allows for every dollar we raise up to \$25,000 to be matched by the Hartford Foundation for Public Giving. We are currently working in conjunction with FunDAZ Inc, a fundraising company that helps schools, charities and sports programs raise money across the US to meet our goal.

This 'East Windsor Boundless Playground Savings Cards Campaign will allow us to raise the funds needed to see this project through to the end. The cost of this card is \$25.00 and can be used at a number of local and even national restaurants and businesses. This card is good for one year, after one year the card can be reactivated and the money will still go to the Boundless Playground. Please call Parks and Recreation at 627-6662 for more information or to purchase a card.
