

## **Boundless Playground Committee Your Help is needed!**

The East Windsor Park and Recreation Department is looking for volunteers to help design and implement a Boundless Playground into the East Windsor Community. This playground will be installed at the Town Hall Annex. We will be holding community workshops for the residents to design and suggest the components they would like to see implemented in this playground. The East Windsor Park and Recreation Department was a recipient of a \$25,000 grant from The Hartford Foundation for Public Giving. In order to receive this grant we must have community volunteers help with the entire process. We have been working with Boundless Playgrounds, Inc. to develop a playground that will enable us to provide an accessible playground for all of our children. Boundless Playgrounds, Inc. is dedicated to working with local communities to build inclusive playgrounds where children of all abilities can learn and play together. On a boundless playground, all children, playing together, gain the proven intellectual, physical, and social developmental benefits of unstructured play.

If you would like to join this committee please call our office at 627-6662 or send an email to Melissa at [Mgreen@eastwindsorct.com](mailto:Mgreen@eastwindsorct.com). We look forward to making this project a reality for our residents.
