ABOUT LAMB'S PLAYHOUSE:

The Lamb's Playhouse program is a production class designed to focus on creating dynamic performances and improving singing/acting skills in a workshop-style production. Actors will go through the entire process of putting on a musical, from auditions and rehearsals, to working with technical elements like lighting, costume, and sound.

This 30-minute musical was created specifically for young performers of all skill levels, with great music and acting opportunities that are both challenging and a lot of fun!

Rehearsals will be at the Performing Arts Programs Studio in South Windsor, CT, on Thursday evenings and Saturday afternoons beginning in January, with two performances of *Aladdin KIDS* at the East Hartford Community Cultural Center in late March.

AUDITION MATERIALS:

Bring a one-minute monologue and/or a short song with sheet music or accompaniment CD. If you don't have materials, don't worry! We will have materials for you. Just bring yourself!

All auditions are by appointment - all skill levels welcome!
