Road Race November 11, 2023: Discussion of the 2023 road race. It was a great race, with a large turnout of runners. A lot of the portlets are not being used, the cost is also increasing. We should think about how many we really need. There were a lot of runner using the front door of the Town Hall during the ceremony. I think we need to block this off or station a volunteer to direct people a different way during the ceremony. We need better signage for the runner, lots of prizes were left at the end of the day. We lost some long-time sponsors, but gained some new sponsors. We need each commissioner to create a list of business they can go to next year. Thank you to all who helped make the road race so successful. Need to factor in shirts, sizes for the first 200 runner, volunteers, sponsors, etc. Contact the church next year to avoid a conflict with parking and closing the streets. We might want to order more signs for around town for next year. A thank you letter was sent to all the sponsors. Might want to think about parking, a shuttle for next race. Both the sponsor form and registration form need to be updated, add the link information for runsignup. Might want to discuss the need for a pace car.
