- a. Purpose**
- b. Criteria**
- c. Responsibility**
- d. Next Steps**

Commission members in attendance discussed next steps to move forward with the art showcase that will take place at each of the East Windsor Summer Concert Series. Each of the twelve artists and artisans that applied were discussed and we chose which ones would be invited to participate. The distinction was made between “arts” and “crafts”. It was agreed that crafters would be limited to those that worked with glass, fiber, metal, wood, and ceramics. Debbie will contact the applicants to let them know whether their applications to show were approved or not. The schedule of artists and artisans was reviewed, and the commission discussed what members would be responsible for each of the concerts in the series. At the end of the discussion there was a motion to move forward by Bernie Duffy with each of the decisions we made as a commission, and this was seconded by Karen Stavalone.

**III. Public Participation**

There was no public participation to report.

**IV. Adjourn**

Debbie Williams adjourned the meeting at 6:30 p.m.
