Motion to approve Inland Wetlands Application 09-2022 as an “As of Right Determination” for the clearing & maintenance of an existing residential pond located at 165 Rockville Road, Broad Brook, Assessor Map: 020 Block: 83; Lot: 006.

In addition, the applicant will follow any of the applicable standard conditions below, as part of this approval:

Standard Conditions

1. This Permit is valid for a period of Five (5) years from the date of issuance OR will be valid until the companion planning/zoning permit approval expires but shall not exceed 10 years. Any regulated activity approved by the Agency shall be completed within one year from the time such activity is commenced, provided the Agency may establish a seasonal restriction within which any regulated activity shall be conducted and may require that an activity, once commenced, be completed within a time period of less than one year and further provided the Agency may extend:
(1) the time period of the original permit provided such period shall not extend beyond ten years from the date such permit was granted, or
(2) the time period within which an activity, once commenced, is required to be completed under this section.

2. The Commission or its designated agent must be notified in writing no later than 48 hours prior to the commencement of permitted activities, and upon completion of said activities.

3. The burden to extend the approved timeframe for the regulated activity (and the time period for the original permit) is on the Permittee; the Town of East Windsor is not required to give notice of the permit’s expiration.

4. This permit shall not be assigned or transferred without the approval of the Agency OR Agent.

5. This document shall be included in all construction contracts and sub-contracts dealing with the work proposed and shall supersede all other contract requirements.

6. During the construction phase, the applicant shall be responsible for maintaining a copy of this permit at the site.

7. The Permittee shall permit the Chairman and Agent of the IWWA, or its authorized representative(s) or designee(s) to make periodic inspections at any time deemed necessary in order to assure that the activity being performed under authority of this Permit is in accordance with the terms and conditions prescribed herein.

8. Prior to the start of construction, adequate erosion and sedimentation control measures shall be implemented, and shall be maintained throughout the entire construction phase in accordance with the 2002 Connecticut Guidelines for Soil Erosion and Sediment Control until the site has become stabilized with permanent vegetative cover. The construction site shall be left in a stable condition at the close of each day. An adequate stockpile of erosion control materials shall be on site at all times for emergency or routine replacement and shall include materials to repair silt fences, haybales, stone-riprap filter dikes or any other devices planned for use during construction. Additional erosion control measures are to be installed as directed by the Town Staff if field conditions necessitate.
9. These permit conditions apply only to the work approved by this permit. Any other work to be done within the area of regulatory interest shall require the filing of a new or modified Inland Wetlands Application for consideration by the Commission.

10. If any alteration of the wetland/resource area does occur, the Commission shall impose such measures as it finds necessary to protect and restore those areas.

11. All temporary barriers, including erosion and sedimentation controls are to be removed (in suitable weather conditions) upon completion of the project.

12. A copy of the As-Built plan shall be submitted to this Commission upon completion of the project. The as built will be reviewed by the wetland agent and verified in the field.

13. The Commission reserves the right to impose additional conditions on any or all portions of this project that could impact an area of regulatory interest under the Inland Wetlands and Watercourses Regulations.

14. The permit holder will submit a start work notice and contractor’s compliance statement to the Wetlands Agent prior to starting any work authorized by this permit. Copies are attached.

Pippin moved/Osborn seconded/DISCUSSION: None
VOTE: In Favor: Talamini/Osborn/Pippin/Sawka
(No one opposed/No abstentions)

Motion to approve Inland Wetlands Application 14-2022 for the maintenance of the construction of a 36’x36’ barn located at 37 Rice Road, East Windsor, Assessor Map: 116 Block: 21; Lot: 029, with a (remedial) permit fee previously paid of $135.

In addition, the applicant will follow any of the applicable standard conditions below, as part of this approval:
