

TOWN OF EAST WINDSOR

FIRST SELECTMAN JASON E. BOWSZA

April 23, 2020

Good evening. This is First Selectman Jason Bowsza reaching out to all the residents of the Town of East Windsor through the CT Alert System. A copy of this message, and more information about COVID-19, can be found on the Town's website.

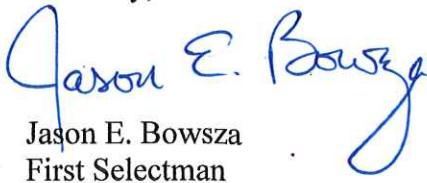

As of the most recent report, there are twenty-seven confirmed positive cases of COVID-19 in our town, as reported by our local health district and the Department of Public Health. Statewide, there are now 23,100 confirmed cases.

I want to remind everyone that the Governor's executive order 7BB requires us all to wear a cloth face covering in public whenever social distancing can't safely be practiced. This is to slow the spread of COVID-19 to other people. Connecticut has done very well flattening the curve so far, but it is expected that our part of the state may still be a few weeks away from our peak. Please remember to continue practicing basic health practices: wash your hands and surfaces frequently, practice social distancing, and stay home whenever possible.

As Helen Keller said: "Alone we can do so little; together we can do so much."

I wish you continued good health.

Sincerely,

Jason E. Bowsza
First Selectman
