

TOWN OF EAST WINDSOR

FIRST SELECTMAN JASON E. BOWSZA

December 29, 2021

Good evening,

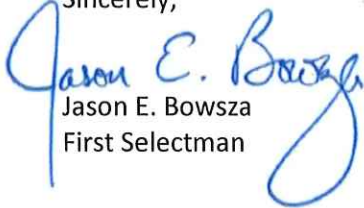

This is First Selectman Jason Bowsza reaching out to all residents of the Town of East Windsor.

The Lamont Administration has notified towns and cities tonight that the supply of at-home tests we had been promised for distribution tomorrow has been delayed. Currently, the statewide order is still in California waiting to be shipped. I have requested – and been promised – that there would be real time updates from the administration as to when we can expect our allotment to arrive. There is some possibility that it will arrive in time for distribution tomorrow, but it is most likely that the distribution activity planned for tomorrow will be delayed.

I'm sure many folks will be frustrated by this news. Believe me, I share that frustration. Once we have confirmation that the tests have arrived in state, I will share an updated plan for distribution in our community. Information will be shared on the Town's website, our Facebook page, and through town wide phone calls.

I wish you continued good health.

Sincerely,

Jason E. Bowsza
First Selectman
