

TOWN OF EAST WINDSOR

FIRST SELECTMAN JASON E. BOWSZA

March 24, 2021

Good evening,

This is First Selectman Jason Bowsza reaching out to all residents of the Town of East Windsor.

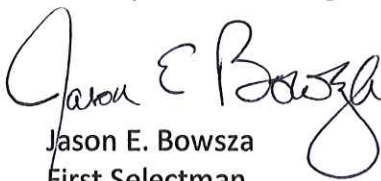

There have been 12 new confirmed positive cases of COVID in East Windsor since last week. According to the Department of Public Health as of March 15, eighty-two percent of East Windsor residents over the age of 75 have received at least one dose of vaccine, and seventy-nine percent of residents over the age of 65 have as well. Overall, East Windsor is at a rate of twenty-four percent of our population vaccinated.

The Town continues to offer COVID testing on Wednesdays from 10am to 3pm at the Town Hall Annex and is offered in partnership with Priority Urgent Care.

We continue to hold COVID vaccine clinics whenever possible. This has pretty consistently been once per week. We continue to keep a waiting list of eligible residents who want to get vaccinated, and we do have appointments available for this Friday. To schedule an appointment, you must be age-eligible, which means anyone forty-five years old or older. If you are interested, please call the Department of Community Services at 860-623-2430. We also want to let people know that there are other alternatives available. Appointments can be made by visiting CVS.com, Walgreens.com, Walmart.com/COVID or by calling the Vernon Regional Call Center at 860-896-4568. You can call Community Services to be added to the Town's waiting list.

Tomorrow, the Town will hold another Farmers to Families Fresh Food Box distribution event at 5 Phelps Road. The event will be first come first serve and take place from 9am to 2pm. We are grateful for our partners who help make this possible, including Southern Auto Auction, USDA, the Connecticut Department of Agriculture, the East Windsor Hunger Action Team, our dedicated Town staff, and our wonderful volunteers. We will be doing another fresh food giveaway event on April 29th, with details to follow as that date gets closer.

I wish you continued good health,

Jason E. Bowsza
First Selectman
