The green is cared for by PMC, Jim Balch promised to pay for the care for a few years and will continue to pay for it. He asked if there is water there? I said yes on our side of the green, the town side does not have water. He would like us to put water on the other side and he will pay for the cost of the sprinklers. Ed, I go to the green once in a while, we should have a better lawn than is what is there.

There is a lot of weeds. The town mows the lawn and trims the area.
